AADARSH ARUN

(847) 312-3734 | aadarsh3@illinois.edu | linkedin.com/in/aadarsh-arun

EDUCATION

University of Illinois at Urbana-Champaign | Grainger College of Engineering — Expected Graduation: May 2028
Bachelor of Science in Industrial Engineering, Minors in Business, Computer Science — **GPA: 3.94/4.0**

- Edmund James Scholar, George A. Pagels Fund Scholar | Dean's List Fall 2025, Spring 2026

PROFESSIONAL EXPERIENCE

Gies AI Hub, *AI Product Management Intern,* Champaign, IL — **October 2026 – Present**

- Supported development of **Viva**, an **Azure OpenAI**-powered oral assessment and grading platform, by translating student and instructor needs into **PRDs, UX designs**, roadmap priorities, and QA across **3 assessment formats**

Procter & Gamble, *Product Supply Engineering Intern,* Cincinnati, OH — **May 2026 – July 2026**

- Developed a **self-service RAG assistant** for P&G's Air Care business to eliminate information bottlenecks by evaluating 5 AI models and optimizing multimodal retrieval across **4 iterations**, delivering answers in **~30 seconds** with **95% FAQ accuracy**
- Optimized **10-SKU rollout strategy** using **agentic AI assistants** to synthesize cross-functional data and rebuild an Excel capacity model for shift allocation and changeovers, meeting **44-month demand targets** and reducing projected costs **~20%**
- Led **lid-loading automation** across **7 NA production lines** by aligning a **30+ person global team**, overcoming prior feasibility constraints through technical evaluation and vendor collaboration, projecting **$1.5M in annual savings**
- **Redesigned** project delivery process by auditing **30 POs** and shifting design to a European partner**, saving $250K** per project

PortfolioPilot, *Product Management Intern,* Champaign, IL — **January 2026 – May 2026**

- Conducted **onboarding usability tests** and tracked **15+ UX bugs** in Asana, improving feature prioritization **~25%**
- Designed UX prototypes for **10+ onboarding issues** using Magic Patterns and client feedback, reducing user friction **~20%**
- Supported 3.0 launch experiments by developing **5+ AI-generated UGC assets**, increasing creative content output **~3x**

LEADERSHIP AND ACTIVITIES

Product Space, *Product Manager,* Champaign, IL — **August 2025 – Present**

- **Refined** Storage Scholars' UIUC expansion strategy across **5 customer segments** and **2 key purchase drivers** by conducting 10+ user interviews and analyzing customer preferences through **Excel data visualizations**
- Identified **RSO outreach** as the top acquisition channel with **~25% higher response rates** than university-sponsored messaging by conducting channel experiments and analyzing **student interest surveys**
- Developed a **4-week GTM playbook** spanning 6 acquisition channels by leveraging competitive benchmarking, customer segmentation, and a **UTM-based tracking plan**, presenting recommendations to Storage Scholars' CEO

EntreCORPS – Consulting for Startups, *Director of External Relations,* Champaign, IL — **August 2025 – Present**

- **Facilitated 5+** cross-organization and corporate-sponsored programs per semester with product, startup, and consulting groups, **engaging 100+ stakeholders** and prospective members
- Led firmwide transition to **a Forward Deployment Engagement (FDE)** consulting model by delivering a **27-page proposal** and **30-slide executive PowerPoint** outlining project structure and client delivery model for Gies leadership
- **Directed 2 client projects** over 8 weeks and streamlined recruitment by centralizing scheduling and tracking for **100+ coffee chats** across 300+ candidates, ensuring on-time delivery and **reducing turnaround ~20%**
- **Led a 6-member team**, leveraging Gantt chart planning and competitor analysis to increase client market reach by **~15%**

Illinois Consulting Academy, *Member,* Champaign, IL — **January 2026 – Present**

- Developed **consulting and analytical skills** through case analysis, structured problem-solving, and data-driven decision-making, with technical training in **Excel, SQL, and Tableau** as **1 of 45 selected students**

Phi Chi Theta, **Professional Business Fraternity,** *Bid Day/Special Events Chair,* Champaign, IL — **February 2025 – Present**

- Selected as **1 of 36** members from a 500+ applicant pool based on leadership and business potential to develop professionally

PROJECTS

AI Internship-Fit Screener | *GitHub*

- Built a **Python LLM** evaluation harness for an internship-fit classifier, improving human-label agreement from **46% to 82%** (F1: 0.59 to 0.89) and shipping revised criteria to the live system

Fantasy Football Draft Value Board | *Vercel*

- Designed and launched a **live fantasy draft decision tool**, translating **40K+ player-week records across 6 NFL seasons** into data-driven, cross-positional VOR recommendations that dynamically update across **220 players and 3 scoring formats**

SKILLS & INTERESTS

Technical Skills: Excel, PowerPoint, Tableau, Figma, Agile, PRDs, Python, SQL, Power BI, Magic Patterns, Vercel, Jira, Lovable
Interests: Chicago Bears, pickleball, board games (Catan, Codenames), Claude Code, sharp sports investing, weightlifting
